* 2017 Pensions & Investments Eddy Award winner in the Ongoing Education category. The P&I Eddy Awards were created over 20 years ago to identify and reward the best practices in providing investment education to defined contribution plan participants. The awards are judged by an independent panel of plan sponsors and consultants. Awards are given out in seven categories; broken down by corporate employee size and/or type of firm. Entries can be joint (plan sponsor and service provider), plan sponsor only or service provider generic. In 2016, Principal® was recognized for outstanding marketing and communications work by the Insurance & Financial Communicators. There were a total of 479 entries for the IFCA Annual Awards competition, now in its 84th year. The Insurance & Financial Communicators Association provides opportunities for financial communicators to share, learn and grow so they can be the best at what they do. Founded in 1932, the organization is a trusted partner and key resource for financial communicators.
